SUMMARY

Artificial Intelligence & Data Science student with a strong foundation in Java, Python, Machine Learning, and Cloud Computing. AWS Certified Cloud Practitioner with hands-on experience in developing and deploying AI-powered applications. Built projects including an AI Vehicle Classifier using TensorFlow, Flask, and Hugging Face Spaces, and a responsive Weather Application using HTML, CSS, and JavaScript. Passionate about software development, cloud technologies, and intelligent systems. Seeking internship opportunities to apply technical skills and gain industry experience.

EDUCATION

B.Tech in Artificial Intelligence and Data Science

J.N.N Institute of Engineering, Chennai, India

📅 2024 – Present

PROJECTS

AI Vehicle Classifier

Python, TensorFlow, Flask, Hugging Face Spaces

- Developed a machine learning model to classify vehicles as Car or Bike.
- Trained and tested the model using TensorFlow and Keras.
- Built a web application using Flask for user interaction.
- Deployed the application on Hugging Face Spaces.

Weather Application

HTML, CSS, JavaScript, Weather API

- Developed a responsive weather forecasting web application.
- Integrated Weather API to fetch real-time weather data.
- Displayed temperature, humidity, wind speed, and weather conditions dynamically.
- Designed a clean and user-friendly interface.

EXPERIENCE

Java Full Stack Developer (Student Project)

Present Academic Projects – JNN Institute of Engineering

📅 2025 📍 Chennai, India

- Developed Java-based full stack applications as part of academic coursework.
- Implemented backend logic using Core Java and OOP principles.
- Designed responsive frontend interfaces using HTML, CSS, and JavaScript.
- Performed CRUD operations and managed database integration using SQL.
- Gained foundational experience deploying applications using AWS EC2 and S3.

CERTIFICATIONS

AWS Certified Cloud Practitioner

Amazon Web Services (AWS)

📅 Issued: 2024

ACHIEVEMENTS

- AWS Certified Cloud Practitioner.
- Completed multiple academic and personal projects in AI and Web Development.
- Continuously improving skills through online courses and hands-on practice.

TECHNICAL SKILLS

Programming Languages

• Java • Python • SQL • JavaScript

Web Technologies

• HTML5 • CSS3 • Flask

Artificial Intelligence / Machine Learning

• Machine Learning • TensorFlow
• Deep Learning (Basics)

Cloud Technologies

• AWS Cloud • AWS EC2 • AWS S3
• Cloud Computing Fundamentals

Databases

• MySQL • MongoDB

TOOLS & PLATFORMS

• Git • GitHub • VS Code
• Postman • Hugging Face Spaces
• Linux (Basics)

LANGUAGES

• English ●●●●● (Proficient)
• Tamil ●●●●● (Native)

(● = Level)

3 Filled Blue Dots = Level 3
